OUR LEGACY

FOUR DECADES OF TRUST.

A LEGACY BUILT ON RELIABILITY.

M/s. S.S. Laddha, operating under the brand SSL Cements, was established in 1983 in Nashik, Maharashtra. With over four decades of industry experience, the company has built strong relationships across the cement, construction and infrastructure ecosystem.

Our business is built on dependable supply, strong logistics support, trusted brand relationships and a deep understanding of customer requirements — from infrastructure companies and contractors to developers, industrial customers and commercial projects. Through this commitment to quality and reliability, SSL Cements continues to contribute to India's infrastructure and construction sector.
